*In celebration of the life of
Alan Broadwin*

Alan Broadwin was a dedicated member of **Westchester Reform Temple** for the past five years, and an active member of the Jewish Community throughout his whole life. Alan embraced the ethos of "Tikkun Olam" – healing the world – through his work organizing the blood drive for the past several years and as an engineer on the forefront of invention of medical devices throughout his career. Alan delighted in his family, friends, and community. May his legacy continue through this blood drive.
